

GARY JOHNSON WRITE-IN RESULTS

I would like to send out a personal "THANK YOU" to all those in Michigan that helped on the Gary Johnson's Campaign. The requests for yard signs, bumper stickers, and flyers were over whelming. As you know we put up a tough fight to get his name on the ballot, and your voices did not go unheard of, please read the impact that we made below.

Thank you - Denee Rockman-Moon - LPM Chair

"The amount of challenges we faced at each stage of the campaign were simply staggering. Those in power did everything they could to silence our voices, and what happened? 7,774 proud Michiganders stood up and casted their votes for Governor Johnson on Election Day (although I suspect that number may be a little low).

This would have never been possible without each and every one of you. All the work that you did, no matter what the amount, was a tremendous help. With extremely limited resources and every possible obstacle being thrown at us, we were able to accomplish the **Most Successful Presidential Write-In Campaign in Michigan's History!**

On behalf of Governor Johnson, campaign manager Ron Nielson and the rest of the Gary Johnson 2012 staff, thank you so much for your efforts and support. I can't tell you how proud I have been to be a part of this, and you should be as well.

Live Free, John Cruz Michigan Campaign Director, Gary Johnson 2012"

Dear Libertarian,

Thank you for helping Libertarian Action Super PAC (LASPAC) and our efforts to promote Libertarian Gary Johnson for President.

Gary Johnson ended up getting 0.99% of the vote, which was more than double the 0.40% received by Bob Barr in 2008, and more than triple the 0.32% received by Michael Badnarik in 2004.

[LASPAC Final Report](#) Below are some of the highlights:

3,900 yard signs distributed
30,000 bumper stickers distributed
80,000 door hangers distributed
28,000 postcards mailed*
281,000 robocalls made
\$167,798 in contributions from 916 contributors
33,527 YouTube video views

While we don't think LASPAC had a dramatic impact on Gary Johnson's election results, we think our efforts did add to Gary Johnson's publicity and vote count.

It looks like the Libertarian Party did very well overall. In addition to Gary Johnson's excellent results, we've seen public reports that Libertarians in down-ballot races around the country showed improvements in their vote percentages.

We're winding down the activities of LASPAC now that the presidential election is over, but I hope that others will make additional efforts in the future to form political action committees to promote Libertarian Party candidates around the country.

Once again, I'd like to thank Governor Gary Johnson and Judge Jim Gray for doing a great job representing the Libertarian Party. And I'd like to thank LASPAC donors and volunteers who helped to promote the Johnson/Gray ticket.

Take care,--Wes Benedict
