

## Liberty in Action Preliminary Agenda

Everywhere you look someone is promoting Liberty. Much of it is through education or protests. These are a great base, but when it comes down to it, we need to change policy. At this fundraiser we will introduce groups that have had impacts on policy, whether preventing it, changing it, or enacting it. We don't only want to help your group with ideas, we want to help it have the presence it needs to have an impact. We also want to share with you our ideas, as Libertarians, on our plans of actions by introducing a number of our 2014 candidates. Please join us for this event featuring Daniel Johnson of P.A.N.D.A. (People against the NDAA) as our keynote speaker.
